

**Our lives have all changed** due to Covid-19, including how we work, travel, go shopping, and socialize with friends and family. We here at GoElectric are still open and doing our best to offer a safe, clean and friendly environment while maintaining physical distancing protocols. With our small Calgary office we have a maximum indoor capacity of six people including staff members. Below are some of the additional measures that our staff are taking to ensure everyone feels safe and comfortable when at our location.

**Regular cleaning and sanitizing:** Our staff are continuing to clean and sanitize all high-touch surfaces around the office.

**Sanitization of vehicles:** To ensure sufficient sanitization before test drives, our staff will use disinfecting wipes, 70% alcohol spray bottles, and clean cloths to wipe interior and exterior high-touch surfaces of our vehicles. Please feel free to ask us to provide additional sanitization at any point while you are at our location.

**Face masks:** As per AHS and the City of Calgary guidelines, all persons entering our facility are required to wear a face mask (see site for exceptions: <https://www.calgary.ca/csps/cema/covid19/safety/covid-19-city-of-calgary-mask-by-law.html> ). If you don't have a mask, we can provide a disposable mask at no charge.

**Hand sanitizer:** We have a gel hand sanitizer dispenser available just inside the door when you arrive at our office. There is also a bathroom just down the hall if you would prefer to wash your hands with soap and water (for at least 20 seconds).

**If you feel unwell, please stay home:** This applies to all of our staff and customers. If you feel sick or have flu-like symptoms, please stay at home. However, just because you are sick or stuck at home doesn't mean you are alone. We would be happy to talk about all things electric vehicles with you, whether phone, email, Zoom, or whichever way you'd prefer. We all have families and loved ones, some potentially more vulnerable, so let's do our best to keep everyone safe.
